cotemagazine_zurich Keep that high fashion feeling even when you go to the gym! For its Spring / Summer 2022 collection, Y/PROJECT teamed up with Fila for a special collaboration. Glenn Martens, creative director at Y/Project, is known for his deconstructed approaches to design and playing with silhouettes and gender norms. He brings these elements to his collaboration with the Italian-based sports and lifestyle brand Fila.

The Y/PROJECT x Fila collection is now awaylable at the Tasoni store, where the curation of brands is based on the values of craftsmanship, design and luxury.
