Things To Do In Zurich

Nel-Olivia Waga Contributor 
Travel

It's just a 20 minute drive from the Airport to Zurich's city center and the lake around which so much happens in this international yet idyllic Swiss city. In summer, most activities take place with the backdrop of Zurich city and its beautiful lake. Here are a few essential places to see when visiting.

Shopping

On your way from Bahnhofstrasse to Storchengasse, you should definitely stop by Zurich's hottest shopping address: **TASONI** in St. Peterstrasse 1. A curated fashion concept store (for both women and men) that is the answer to the probably most exclusive, welcoming (and private) shopping experience you can get in Zurich. With a selection of limited edition and unique pieces which you might not find elsewhere, the store also provides its discerning clients the privacy they desire. **TASONI** follows its ethos of creating a personal world, where the selection of brands is based on the values of craftsmanship, design and luxury, backed by an attentive and personalized service culture.

The two female entrepreneurs Taya and Tary Sawiris know how to set statements in fashion by featuring emerging designers such as By Walid, Jacquemus and Muzungu Sisters next to select pieces by luxury brands such as Berluti, Loewe and Lanvin.
